

PRICE Framework

Purpose

*Why do you want to implement this initiative, program, etc.?
Consider the problem that you are trying to solve.
What is your aspiration?*

Relevance

*Who will benefit? Why would implementation be worthwhile?
What does research say about your initiative, program, etc.?*

Conditions

*How will you ensure that the initiative or program is implemented with fidelity? What needs to be in place?
Consider the vital resources (e.g. physical, human capital, budget, scheduling, etc.).*

Pre

During

Post

Impact

*What is the desired state that you would like to achieve?
(Pre-implementation)
What did you achieve? (Post-implementation)*

Evidence

*How will you measure the success of the initiative, program,
etc.? (Pre-implementation)
How do you know that this initiative was impactful? Identify
qualitative and quantitative data.
(Post-implementation)*
